Dear Mr Stoutjesdijk

Thank you for your enquiry regarding Cecil Albert Maw.

The local newspaper dated 11 December 1942 has a short entry stating that he had been reported missing. and included a photograph of him.

According to the article his parents lived at 9 Mond Avenue, Goole and he was their only son. (It is possible he had sisters. I have not been able to establish this.)

The article also states he had taken part in many operational flights. He joined the RAF in January 1941 and received his "wings" in February 1942.

He played rugby for Goole Grammar School, and later for the old boys team.

He was a founder member of the St John Ambulance Brigade Cadets in Goole and had won several trophies for his work with them.

He was a sergeant in the Church Lad's Brigade. He was a clerk at the County Institution in Goole.

His father had served in France and Belgium in the first World War with the King's Own Yorkshire Light Infantry.

It is possible there is further information about him at the time he was confirmed to have died, but it would take some time to search through the newspapers to find this as it may have been several weeks later.

We also have a photograph of him, in a frame from a local school he attended as a child.

If you require further research, the cost is £12 per half hour, plus the cost of any copies you require, and postage. This article, the photograph and any other information we find may be subject to copyright and cannot be copied other than for research or private study. If you wished to reproduce them in a book you would need written permission from the copyright holder. In the case of the newspaper this would be the Goole Times in Goole.

I hope this is of help to you. Please do not hesitate to contact me if I can be of further help.

Yours sincerely
